FOREIGN DEPARTMENT.

Simla, the 23rd October 1912.

No. 2221-*G*.—The following communication addressed by His Majesty's Secretary of State for Foreign Affairs to the Most Honourable the Marquis of Crewe, K.G., His Majesty's Secretary of State for India, is published for general information and guidance—

His Majesty, being fully determined to observe the duties of neutrality during the existing state of war between Turkey and Bulgaria, Turkey and Greece, Turkey and Montenegro, and Turkey and Servia and being moreover resolved to prevent, as far as possible, the use of His Majesty's harbours, ports and coasts and the waters within His Majesty's territorial jurisdiction in aid of the warlike purposes of either belligerent, has commanded me to communicate to you for your guidance the following rules which are to be treated and enforced as His Majesty's orders and directions :—

Rule 1.—During the continuance of the present state of war all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom, the Isle of Man or the Channel Islands or in any of His Majesty's colonies or foreign possessions or dependencies or of any waters subject to the territorial jurisdiction of the British Crown as a station or place of resort for any warlike purpose or for the purpose of obtaining any facilities for warlike equipment; and no ship of war of either belligerent shall hereafter be permitted to leave any such port, roadstead or waters from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the territorial jurisdiction of His Majesty

Rule 2.—If there is now in any such port, roadstead or waters subject to territorial jurisdiction of the British Crown any ship of war of either belligerent, such ship of war shall leave such port, roadstead or waters within such time not less than twenty-four hours as shall be reasonable, having regard to all circumstances and the conditions of such ship as to repairs, provisions or things necessary for the subsistence of her crew; and if after the date hereof any ship of war of either belligerent shall enter any such port, roadstead or waters subject to the territorial jurisdiction of the British Crown, such ship shall depart and put to sea within twenty-four hours after her entrance into any such port, roadstead or waters, except in case of stress of weather or of her requiring provisions or things necessary for the subsistence of her crew or repairs; in either of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours without permitting her to take in supplies beyond what may be necessary for her immediate use; and no such vessel which may have been allowed to remain within British waters for the purpose of repair shall continue in any such port, roadstead or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed. Provided nevertheless that in all cases in which there shall be any vessels (whether ships of war or merchant ships) of both the said belligerent parties, in the same port, roadstead or waters within the territorial jurisdiction of His Majesty, there shall be an interval of not less than twenty-four hours between the departure therefrom of any such vessel (whether a ship of war or merchantman) of the one belligerent, and the subsequent departure therefrom of any ship of war of the other belligerent; and the time hereby limited for the departure of such ships of war respectively, shall always in case of necessity be extended so far as may be requisite for giving effect to this proviso but no further or otherwise.

Rule 3.—No ship of war of either belligerent shall hereafter be permitted while in any port, roadstead or waters subject to territorial jurisdiction of His Majesty to take in any supplies except provisions and such other things as may be requisite for the subsistence of her crew and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country or to some nearer named neutral destination, and no coal shall be again supplied to any such ship of war in the same or any other port, roadstead or waters subject to the territorial jurisdiction of His Majesty without special permission until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

Rule 4.—Armed ships of either belligerent are interdicted from carrying prizes made by them into the ports, harbours, roadsteads or waters of the United Kingdom, the Isle of Man, the Channel Islands, or any of His Majesty's colonies or possessions abroad.

The Governor or other chief authority of each of His Majesty's territories or possessions beyond the seas shall forthwith notify and publish the above rules.

The Governor-General in Council is pleased to direct that the orders and directions of His Majesty the King-Emperor of India, as contained in the above communication are to be obeyed by all persons within the limits of His Majesty's territories and possessions in India.

He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must have obtained a degree *with Honours* in some branch of Natural Science* in a University of England, Wales, or Ireland, or have passed the Final Bachelor of Science Examination in Pure Sciences in one of the Universities of Scotland. A degree in Applied Sciences will not be considered as fulfilling these conditions. Candidates will be required to produce evidence that they have a fair knowledge of either German or French.

Note.—Applications for appointment will be accepted from candidates who on the 1st July 1913 have already sat at an examination for a degree as mentioned above, but have not learned the result of the examination.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (*see* Appendix V).

* A Studentship in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

Candidates who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6

6. *Period of Probation.*—The ordinary period of probation will be two years. During that time probationers will be required to pass through the Forestry course at one of the Universities named in the margin,* becoming members of that University if not so already; to obtain the Degree or Diploma in Forestry which it grants; and to satisfy such other tests of proficiency as may be deemed necessary. The case of students who have already obtained such degree or diploma at any of the above named Universities will be specially considered in each case

* Oxford, Cambridge, or (subject to the arrangement of a suitable course) Edinburgh.

During the vacations the probationers will, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, receive practical instruction in such British and Continental forests as may be selected for the purpose

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University, and on practical instruction in Britain and on the Continent, with the exception of fees payable to local forest officers in Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of £120 annually, not exceeding a total of £240 (besides the fees to local officers mentioned above) These payments will ordinarily be made on the following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions:—

(a) that the progress of the probationer in his studies is satisfactory;

(b) that the probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of probationers.

12. *Appointment and Seniority.*—Probationers who obtain a Degree or Diploma in Forestry and also satisfy such other tests of proficiency as may be prescribed, will be appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. Their positions in the provincial Forest Lists will be determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

Probationers will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted, but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Riding.*—Every Probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement.*—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Passage Allowances.*—An allowance on account of passage to India will be paid to each probationer on appointment to the Indian Forest Service, to the amount of £37 10*s.* for passage to Calcutta, Madras, or Bombay, and £45 for passage to Rangoon.

Note.—The above is the normal rate of passage allowance. In consequence of the surtax of 10 per cent at present charged by shipping companies in respect of passages to India the above rates of passage allowance have been raised to £41 5*s.* and £44 5*s.* respectively. Should this surtax be removed, these rates will be reduced to those given in paragraph 16.

16. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 350 a month (equivalent to £304 a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

17. *Promotion, Leave, Pension and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II; a summary of information regarding leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

APPENDIX III.

[*See paragraph 17 of the Regulations.*]

Leave.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough and special leave with allowances (*see* paragraph 6) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

5. The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

6. Special leave may be granted at any time for not more than six months, with intervals of six years' service. allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

7. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

8. Subsidiary leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

9. Short leave is also granted to enable officers to appear at examinations, &c.

10. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

11. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s* 6*d* to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s* 4*d* to the rupee.

APPENDIX IV.

[*See paragraph 17 of the Regulations.*]

Pensions and Provident Fund.

1. The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 25 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than 10 years, an invalid gratuity not exceeding one months' emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of Completed Service.	Maximum Limit of Pension.
10	Rs. 1,000 a year.
11	1,400 ,,
12	1,800 ,,
13	2,200 ,,
14	2,600 ,,
15, 16, 17, 18, 19	3,000 ,,

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Years of Completed Service.	Scale of Pension Sixtieths of Average Emoluments.	Maximum Limit of Pension.
20 to 24	30	Rs. 4,000 a year.
25 and above		5,000 ,,

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 25 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 6d. the rupee.

2. A General Provident Fund has also been established on the following basis :—

(a) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 3¾ per cent. subscriptions on leave of any kind are optional.

(b) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(c) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

(d) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (a).

APPENDIX V.

General Physical Requirements.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age.	Height without Shoes.	Chest. Girth when expanded.	Chest. Range of expansion.
	inches	inches	inch
19 to 20	63½ and under 65	33	2
	65 ,, 68	33	3
	68 ,, 70	33½	3
	70 ,, 72	34	2
	72 and upwards.	34½	2½
21 and upwards	63½ and under 65	35	2
	65 ,, 68	35½	2
	68 ,, 70	36	3
	70 ,, 72	36½	1½
	72 and upwards.	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect and the weight thrown on the heels, calves, buttocks, and shoulders touching the standard; the chin without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, not more than two years before they are qualified to compete for an appointment, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(*a*) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement of the candidate's age.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

Regulations as to the Standard of Vision for the Indian Forest Service.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2·5 D, and if with correcting glasses, not exceeding 2·5 D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed — 2·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other eye $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{9}$ with + 4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to correct the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$ and of the other $\frac{6}{9}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

REVENUE NOTIFICATIONS

NOTIFICATION.

Preamble.

No. 19.—Regulations governing the import, transport, and export of opium and intoxicating drugs made from opium other than those used for smoking, in transit through British territory from one portion to another of a Native State or of a French Settlement in the Presidency of Madras prescribed under Rule XVII of the opium rules published in Government Notification No. 468, dated 22nd October 1909.

Note.—The transport from one part of Cochin territory to another and one part of Travancore territory to another across the Shoranur-Cochin and Tinnevelly-Quilon Railway lines will not be treated as transport through British territory. Transport through Railway station compounds will, however, come within the scope of the rules.

RULES.

1. The transport from foreign territory through British territory of intoxicating drugs prepared from opium and used for smoking is absolutely prohibited.

2. No opium or intoxicating drugs made from opium other than those used for smoking, shall be transported through British territory except under, and in accordance with, a permit issued in accordance with the following rules. In the case, however, of consignments of opium passing from one Mysore Government Treasury to another through intervening British territory, the Mysore Durbar will issue a permit to cover the consignment and send a copy of the same to the Inspector of the Salt, Abkari and Customs Department of the Circle through which the consignment has to pass.

3. Except in the case of permits issued to persons *duly* licensed to vend to British or French territory or in a Native State, no permit shall cover the transport of more than *one tola* of opium, or intoxicating drugs made from opium other than those used for smoking.

4. The permits recognised under these regulations shall be in printed forms and in duplicate. Each permit must bear a consecutive number and must be sealed with the private seal of the officer issuing the permit in addition to his office seal.

5. The period of currency of a permit must be regulated according to the distance the drug is transported, one day being allowed for every 18 miles by road or 70 miles by rail in addition to one day for despatch and one day for delivery in the case of consignments sent by rail.

6. Every consignment transported through British territories under these regulations shall be accompanied by its permit, which must show the name of the transporter, the quantity of opium or intoxicating drugs covered by it, the route of transport, the period of currency and the officer before whom it should be taken for verification.

7. Where Customs stations are established between British territory and any Foreign Settlement or Native State the route to be entered in a permit must always include at least one such Customs station, the officer in charge of which, when the consignment passes through, will note on the reverse of the permit the condition of the packages and seals.

8. Whenever a permit is issued, the duplicate thereof, which should bear the impression of the same seals as have been placed on the original permit and on the consignment should be forwarded by the officer issuing the permit to the officer appointed to verify the consignment.

9. Every package to be transported through British territories under these regulations shall be sealed and the seals used shall be the same as those impressed on the permit (see Rule 4).

10. Permits for transport under these rules shall not be recognised unless they are issued by officers specially appointed in that behalf by name or designation by the Chief Excise officer of the territory in which the officers are to exercise their functions.

11. Every consignment will be verified on arrival at its destination by an officer appointed for the purpose by the Chief Excise officer of the territory to which the consignment is transported.

12. Every officer appointed or authorised to issue permits under rule 10 *supra* must be kept informed of the name and designation of all officers authorised under rule 11 to verify consignments.

13. The names or designations of all officers appointed to issue permits and to verify consignments will be communicated to the Deputy Commissioner of the Salt, Abkari and Customs department whose division the Native State or French Settlement adjoins.

14. The officer issuing permits under rule 10 *supra* should furnish the Inspector of the Salt, Abkari and Customs department through whose circle the consignments are to be transported with a monthly list of permits issued in a form showing the names of the transporters, the numbers of the permits, the dates on which they were issued, the route by which the consignments were required to be transported and the quantity covered by the permits.

15. On the arrival of the consignment at its destination it shall be verified by the officer appointed for the purpose under rule 11 *supra*. He will examine the seals and weigh each package before opening it. He will then open each package and satisfy himself that the contents agree both as to nature and weight with the entries in the permit and will enter the results of his verification on the reverse of the original and the duplicate permits, will return the original permit to the transporter and will forward the duplicate to the Inspector of the Salt, Abkari and Customs department of the circle across which the consignment has been transported for transmission to the officer who issued it.

16. Any Land Revenue officer not inferior in grade to a Revenue Inspector, any Salt, Abkari and Customs officer not inferior in rank to a Sub-Inspector, or any Police officer not inferior in grade to a head constable may inspect any consignment in transit in British territory and when he does so shall note on the reverse of the permit the condition of the packages and seals.

17. Any person found transporting opium or intoxicating drugs in contravention of these regulations will be dealt with in accordance with section 9 of the Opium Act.

18. No person who is found to have committed any breach of these regulations shall be allowed to transport drugs through British territory under a permit issued in this behalf, and the name of any person detected in the commission of any such breach shall forthwith be communicated by the officer detecting the offence to the Deputy Commissioner of the Salt, Abkari and Customs department concerned who will arrange with the Chief Excise officer of the territory from which the offender brought his opium or intoxicating drugs as the case may be for the intimation of the offender's name to all persons authorised to grant permits. If any such person be subsequently found transporting opium or intoxicating drugs even under a permit, such consignment shall be liable to confiscation.

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 44.] MADRAS, TUESDAY EVENING, OCTOBER 29, 1912. [Price, 1 anna.

AUDIT REPORT OF 62 THE MADRAS AND SOUTHERN MAHRATTA RAILWAY EMPLOYEES URBAN BANK, LIMITED.

I beg to report on the audit of the accounts of 62 Madras and Southern Mahratta Railway Employees Urban Bank, Limited, at Royapuram in the Madras City, for the co-operative year ending 30th June 1912. The bank began work on 19th February 1909 and the year under report was therefore the sixth year of its working.

2. *Members.*—The number of members rose from 1,049 at the beginning of the year to 1,556 at its close. There were 599 fresh admissions and 102 removals. Of the total losses in membership, 100 members withdrew from the bank on account of severing their connection with the Madras and Southern Mahratta Railway Company and two members died. On the last day of the year under report, the number of members in spite of such large removals was greater by 497 members than that on the last day of the previous year. This shows that the usefulness and popularity of the institution increased also during the year under report.

3. *Share capital.*—The share capital is built up at Rs. 5 per share. The paid-up share capital increased from Rs. 22,200 at the beginning of the year to Rs. 31,480 at its close. The subscriptions to the share capital received during the year amounted to Rs. 10,985, while the share capital paid off was Rs. 1,705.

4. *Borrowings.*—Under this head are brought in fixed deposits of members and of non-members and the advances made by the Southern Mahratta Railway Company at an easy rate of interest at 3 per cent. *per annum*. The following table shows the transactions under this head :—

—	Held at the beginning of the year.	Received during the year.	Total	Paid off during the year.	Held at the end of the year.
	Rs.	Rs.	Rs.	Rs.	Rs.
Fixed deposits of members ..	9,050	14,400	23,450	13,550	9,900
Fixed deposits of non-members ..	1,625	2,775	4,400	1,025	3,375
Advances by Southern Mahratta Railway Company.	4,300	1,600	5,900	1,200	4,700
Total ..	14,975	18,775	33,750	16,020	17,975

From the above figures it is observed that the deposits were on the increase and the Madras and Southern Mahratta Railway Company was as usual its main support. The bank's indebtedness by way of deposits or otherwise did not exceed its maximum borrowing power, viz., Rs. 20,000.

5. *Premia on fidelity guarantee.*—In paragraph 5 of the previous year's audit report this system was referred to as having been brought into force that year under by law 46. During that year the collection of premia amounted to Rs. 1,600. It was kept in the general fund under the approval of the Registrar. During the year under report a sum of Rs. 1,286-5-2 was added as premia and interest and Rs. 45 were paid off; so that the amount of premia owned by the bank at the end of the year was Rs. 2,841-5-2.

6. *Interest paid and due.*—The bank pays interest at 6 per cent. *per annum* on fixed deposits and at 3 per cent. *per annum* on the advances made by the Southern Mahratta Railway Company. The interest actually paid during the year amounted to Rs. 677-7-8 and that accrued and pending payment at the end of the year was Rs. 210-14-10. Deducting Rs. 215-7-9 the amount pending payment at the end of the year was Rs. 210-14-10 (Rs. 677-7-8 plus the end of the previous year, from the total interest accrued, viz., Rs. 833 6-8 (Rs. 677-7-8 plus Rs. 210-14-10) the amount debitable to the profit and loss account is Rs. 372-14-9. In certain cases

the bank paid interest on time-expired fixed deposits for periods over the date originally fixed. This is wrong and the managing committee should have arranged to return fixed deposits on fixed dates.

7. *Miscellaneous receipts.*—A sum of Rs. 816-7-0 was received under this head as per particulars given below :—

	Rs.	A.	P.
Entrance fees	599	0	0
Nomination fees	203	8	0
Interest on investment of Reserve Fund for the year 1910-11 ..	13	15	0
Total ..	816	7	0

8. *Loans to members.*—At the beginning of the year, 852 loans aggregating to Rs 42,025-9-10 were outstanding against the members. During the year 982 loans covering Rs. 97,107 were advanced and a sum of Rs. 80,903-14-10 was recovered. Of the recoveries, a sum of Rs. 42,133-3-6 was on account of 656 loans which were fully repaid and the balance of Rs 38,770-11-4 was secured as partial repayments. The number and amount of loans outstanding against members on the last day of the year were thus 378 and Rs 58,228-8-0 respectively.

The loan transactions have increased with the increase in membership. Recoveries are prompt and punctual, so that there was no overdue loan on the last day of the year. Most of the loans disbursed were of small sums; for out of 982 loans, 407 loans covering Rs. 19,842 did not exceed Rs. 50 in value and 374 loans were for sums exceeding Rs. 50 but not exceeding Rs. 100. Of the remaining loans, 156 were loans exceeding Rs. 100 but not exceeding Rs. 250 and 45 loans exceeded Rs 250. All the loans were fixed-ship loans. It was not possible to check if any loan exceeded the maximum permissible to the borrower and to verify if any member has been allowed to stand as surety for more than what he is allowed to do. There is a column on the loan register to note these cases but it is not regularly maintained. Applications for loans and bonds were examined. They all comply with the requisitions referred to in by-law 22. From a thorough examination of the endorsements of the Secretary and disposal orders of the managing committee, I am satisfied that loan applications are dealt with care and discretion and with promptitude. As for periods, 826 out of 982 loans disbursed, were advanced for periods not exceeding one year and the remaining 53 loans covering only Rs. 8,875 were issued for periods exceeding one year but not exceeding two years. The majority of loans were granted for the discharge of prior debts, for out of Rs. 97,107 disbursed, a sum of Rs 64,275 was for such purposes.

9. *Interest on loans.*—The interest charged on loans is said to be 9½ per cent. per annum but as the interest is collected monthly, the actual rate works up to much more than 9½ per cent. per annum. The interest earned and creditable to the profit and loss account is as shown below.

	Rs.	A.	P.
(1) Actually realised	4,979	1	11
(2) Accrued and pending realisation at the end of the year	8	6	7
Total ..	4,987	8	6
(3) Deduct amount pending realisation at the close of the previous year	77	7	2
(4) Balance to be credited to the profit and loss account	4,910	1	4

As all the loans are made repayable by instalments, borrowers allow their instalments consisting of principal and interest as fixed by the managing committee, to be deducted by the Madras and Southern Mahratta Railway Company from their pay bills and remit the amounts to the bank. Under the practice, the recoveries of loans are made direct from the Southern Mahratta Railway Company. The bank prepares debit lists month after month and submits them to the paymasters concerned for the recovery of loan instalments. Paymasters submit recovery lists and the amounts are credited in the accounts as per these lists. Under such system, members are made to repay their instalments punctually and no loan is allowed to become overdue either under interest or under principal. In this connection, I venture to remark that the bank is not advantageous to its members like other co-operative societies so long as it does not allow abatement of interest on the portion of principal repaid by a member. By-law 24 may therefore be amended so as to admit abatement of interest on portions of principal repaid by members and such a change will render the institution more co-operative and beneficial to its members who are mostly poor servants of the Madras and Southern Mahratta Railway Company.

10. *Establishment and contingent charges.*—The establishment consists of a Head clerk and two other clerks. The Madras and Southern Mahratta Railway Company is kind enough to deputa a permanent servant on its staff on Rs. 30 to be the Head clerk of the bank. In addition to his salary of Rs 30 paid by the Company, he gets Rs. 10 per month from the bank. The other clerks are paid wholly by the bank and their pay amounts to Rs 33 per month. The total amount paid during the year was Rs. 576. The amount pending payment at the close of the year under report was Rs 146 and the sum pending payment at the close of the previous year was Rs. 20. The sum debitable to the profit and loss account thus comes to Rs. 702. Out of Rs. 146 referred to above, Rs. 100 is the amount sanctioned by the Directors for payment to the auditor M.R.Ry. Chelvaraya Mudaliar of the bank in appreciation of his thorough and intelligent audit of the accounts. While I was auditing the books of the society, I observed his checking against each item. His suggestions regarding improvements of accounts especially loan register, were sound and the managing committee have carried out all his suggestions. His services to the bank deserve special mention and the remuneration sanctioned by the directors is justifiable. In consideration of the volume of work turned out during the year, the work of the establishment is also satisfactory.

Contingent charges amounted to Rs. 311-0-0. As there was no amount pending payment either at the close of the year under report or at the close of the penultimate year, the amount debitable to the profit and loss account was only Rs. 311-0-0.
